Reference: 2025_065_TS_BB4F

A competition is open for the attribution of one (1) work contract vacancy to a Higher Technician in the framework of the project “Aviso NORTE2030-2024-11”, with reference NORTE2030-FEDER-01796500, financed by the Regional Program of the North 2021-2027 [NORTE2030], under the following terms and conditions:

1. **Scientific Area:** Biological Sciences
2. **Admission requirements:** In order to be admitted to the competition, the candidates must hold a BSc degree in Biological Sciences or in a related field. The candidates should be able to communicate orally and in written form in English language.

They should have hands-on experience in cultivating microalgae, isolating strains, and conducting bioassays—particularly in techniques relevant to agriculture, such as plant growth experiments. In addition, a basic understanding of chemical techniques used for isolating natural products is expected. Other extracurricular activities of interest for the position will be also be considered.

Any national, foreign and stateless candidate(s) who hold a degree in one of the afore-mentioned areas and a scientific and professional curriculum whose profile is suited for the activity to be performed is encouraged to apply to this position. In cases where the degree was awarded by a foreign higher education institution, the said degree must comply with the provisions of Decree-Law no. 66/2018 of 16th August until the signature of the contract.

3. **Work plan:** The selected candidate will play a key role in supporting various sub-projects, with a strong focus on handling bacterial and algal cultures. Their responsibilities will include optimizing cultivation conditions and biomass harvesting processes to improve yields and productivity, particularly with regard to specific metabolites. In addition to research tasks, the candidate is expected to contribute actively to the performance of bioactivity assays and the development of innovative ideas in collaboration with the research team. They will also participate in the dissemination and communication of project results.
4. **Legislation and official rules:** Article 140, number 2, line g) and article 148, number 4 of the Labour Code approved Law no. 7/2009 of 12th February, and updates.
5. **Work place:** The selected candidate will work under the supervision of Dr. Vitor Vasconcelos, integrated in the Research Team “Blue Biotechnology, Environment and Health” at CIIMAR (University of Porto). The laboratory is located at the headquarters of CIIMAR, in the modern Cruise Ship Terminal of the Port of Leixões, in Matosinhos, Porto’s metropolitan area. The selected candidate will work in an international and highly multidisciplinary environment with a strong connection to the Ocean.

6. **Duration of the contract:** An uncertain term work contract will be signed under the regime of exclusivity, according to legal terms (articles n.o 140o, no 1 and no 2, h; and article n.o 148o, no 4 – Labour Code and article 6o, no 1 b) e no 3 from Decree-Law n.o 57/2016, de 29 -8).
7. **Salary:** The gross monthly salary is 1 600,46 € according to the Single Remuneration Table (level 19) - Article 2 of Regulatory Decree No. 11 / A / 2017, of 29-12.
8. **Selection methods:** A global appreciation of the candidates' merit and motivation (valued from 1 to 10) will be made on the basis of the evaluation of their scientific and curricular track-record, in particular the quality of their research outputs related to the subject area of the present call.
This will result in a pre-selection of the three best-scoring candidates, scored higher than 7, which will be communicated to the candidates. One or both of the referees indicated by each of the pre-selected candidates can be contacted at this stage to provide reference letters. An interview may also be carried out, in which case all of the pre-selected candidates will be summoned to the interview. The jury will select one candidate among the pre-selected candidates to the position.
If an interview to the three pre-selected candidates takes place, its objective is solely to clarify issues related to their application, namely regarding their curricular and professional achievements. In this case, the interview will have a relative weight of 0.1 and the previously communicated score will have a relative weight of 0.9.
The evaluation of the professional track record relates to the relevance, timeliness, quality and adequacy to the current project and will focus on the scientific and in particular research activities from the past 5-years that the candidate considers more relevant (as highlighted in their application). This 5-year period can be increased, if justified and asked for by the candidate, on account of disease, maternity/paternity leave, or other duly justified period of unavailability to work.
9. **Composition of the jury:**
President of the jury: Pedro Leão
Vogal: Sandra Figueiredo
Vogal: Maria Lígia Sousa
10. **Form of advertising/notification of the results:** The results of the first step of the evaluation (pre-selection) will be and sent to the candidates by e-mail. The candidates have a 10-working day term in which to contest the decision, if they so wish, as provided for in the "Código do Procedimento Administrativo", in a preliminary hearing setting. After the eventual collection of reference letters and interviews, the final results will be published on the website of CIIMAR and communicated by e-mail to the candidates. The jury reserves the right not to assign the work contract if none of the candidates meet all the requirements and match the desired profile.
11. **Deadline for application and how to apply:** If you are interested in this position, you should send your application between the 7th until 21th of August 2025 to rh@ciimar.up.pt and msousa@ciimar.up.pt.
